

Earth Day
April 22, 2013

Local to Global Citizen Science
Picture Posts fill in the world!

There are over 100 Picture Posts and growing! Earth day panoramas are from posts at:
Wells Harbor, Annette's Yard #2, Great Lawn UNH, Blue Hill Observatory, Oxbow Cabin, and Thain Family Forest.
Pictures show local conditions and are used to monitor climate effects on seasonal changes in the landscape.

Picture Post was developed with support from NASA.
